MACSEIS WORK TEAMWEAR

Enjoy the New Generation in Corporate & WorkWear.

MACSEIS Functional Corporate & WorkWear full equipment Collection is young, dynamic, trendy and high quality – tailored in color scheme series for you to MIX&MATCH your sharp looking Work TeamWear, strikingly matching your company CI.

With this folder you can MIX&MATCH your black/royalblue trendy looking Work TeamWear.

Our Collection offers 5 Key-Stones in our sporty toned functional Products; - Health, Comfort, 3D Ergonomic 4WAYSTRETCH Mobility. Environmentally friendly our Products are exclusively wash at max40° and hang to dry. Furthermore our Products are all made using OEKOTEX100 certified fabrics and components to

underline that MACSEIS finished Products are committed to lowest environmental footprint also while actively used.

Our functional 3-layer clothing concept is designed to offer you highest levels in health and comfort using POWERDRY to keep you in a fast drying-mode and breathability to fast exit excess heat efficiently while protecting from any possible weather conditions.

Our Products are all technical, strong, durable, protective and tailored to the best in craftsmanship. Choose MACSEIS and

LOOK THE BUSINESS

MACSEIS.COM

POWERDRY®

This MACSEIS POWERDRY long lasting physical quick dry fabric absorbs perspiration instantly and dries quickly while creating high level of comfort while performing actively.

PROTECH™

MACSEIS incorporate Functional PROTECH TPU-Films in its 3-Layer bonded fabrics to balance waterproof and breathable levels to your exact protection and superb comfort.

Dintex®

This MACSEIS EN343 Functional Hi-Tech Fabric is engineered using DINTEX Technical Membrane in either a 2- or 3-Layer fabric composition to achieve high levels of both waterproof protection and breathable comfort.

Several MACSEIS and all MACSEIS WorkWear Products are made in 4WAYSTRETCH, offering a high level of Ergonomic Mobility. We tailor in articulated 3D body shapes to enhance the stretch level to its maximum.

MULTI STRETCH

MACSEIS knitted fabrics are crafted and developed in a MULTISTRETCH Knit to achieve stretch levels for your ergonomic mobility while wearing and active.

MACSEIS Products are all Functional and Ergonomic. We include a long list of technical components and functions to enhance your wellbeing while active also going forward. To preserve our world of technologies in your MACSEIS Product we exclusively tailor to wash by max40° and hang to dry – do not tumble dry. This environmental progressive initiative does not stop you from keeping your MACSEIS Product clean. Modern wash detergents are effectively manufactured to clean at much lower water temperatures. MACSEIS recommends using Wash Gels.

MACSEIS Products are all Functional and Ergonomic. We include a long list of technical components and functions to enhance your wellbeing while active also going forward. To preserve our world of technologies in your MACSEIS Product we exclusively tailor to wash by max40° and hang to dry – do not tumble dry! This environmental progressive initiative does not stop you from keeping your MACSEIS Product clean. Modern wash detergents are effectively manufactured to clean at much lower water degrees. MACSEIS recommend using Wash Gels.

MACSEIS Functional WorkWear is reinforced on several sections by the use of CORDURA and or X-TREME Protective Fabrics. Both Brands are acknowledged within both hardwearing work wear and military protective supplies. MACSEIS is using a soft coated CORDURA and X-TREME that are dyed to MACSEIS color-scheme.
